ORDINANCE NO. 1835

**AN ORDINANCE
TO AMEND THE *CODE OF ORDINANCES*, ADOPTED JULY 24, 1989,
AT CHAPTER 21, TRAFFIC, ARTICLE I. IN GENERAL TO ADD
SECTION 21-13 PERMITTING AND REGULATING THE OPERATION OF GOLF CARTS AND LICENSED
LOW SPEED VEHICLES ON CERTAIN PUBLIC STREETS WITHIN THE CITY OF GULF**

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF GULF SHORES, ALABAMA, WHILE IN REGULAR SESSION ON MARCH 27, 2017 as follows:

Section 1: The Code of Ordinances, City of Gulf Shores, Alabama, is hereby amended by the addition of Section 21-13 to Chapter 21, Traffic, reading in its entirety as follows:

Section 21-13. Operation of Golf Carts On Certain Public Streets Permitted And Regulated.

(a) *Policy Statement.* This Section is enacted pursuant to the authority of the Alabama Constitutional Amendment adopted pursuant to Act No. 2016-271. In enacting this Section, the City Council confirms its view that golf carts are not designed or manufactured to be suitable for use on public streets and roads, and the City of Gulf Shores in no way advocates or endorses the operation of golf carts on public streets. The City understands that residents within golf course residential communities and other communities desire to have the option to operate their golf carts on a limited basis within those communities in order to access the amenities in and immediately adjacent to those communities, and have secured the adoption of Act No. 2016-271 to allow the enactment of ordinances permitting such operation in Baldwin County subject to the terms of the Act and to such other restrictions the City may impose as authorized by the Act. In designating public streets on which golf carts may be legally operated, the Act requires the City to determine that golf carts may safely travel on such designated streets after consideration of factors including, but not limited to, the speed, volume, and character of motor vehicle traffic using the street. The designation in this Section of certain streets as streets on which golf carts may safely travel is not a determination or representation by the City that operation of golf carts on such streets is in fact safe or advisable even if done in accordance with this Ordinance due to the limited drive characteristics and safety features of golf carts. All persons operating golf carts must be observant of, and attentive to the safety of themselves and others, including their passengers, other motorists, bicyclists, and pedestrians. All persons who operate or ride carts on public streets inside the City of Gulf Shores do so at their own risk and peril, and no permit for the operation of a golf cart on the public streets shall be issued except upon execution by the owner of the golf cart of a written undertaking to indemnify and hold the City, its officials, officers, agents, and employees harmless from any and all liability of any kind or character directly or indirectly associated with such operation.

(b) *Definitions.* As used in this Section, the following terms shall have the following meanings:

“Cart” shall mean a golf cart equipped with approved seat belts for each occupant, head lights, brake lights, turn signals, a windshield, a rear view mirror, efficient brakes, reliable steering apparatus, safe tires, red reflectorized warning devices on both the front and rear and an orange warning flag displayed at least six (6) feet above the ground, excepting, however any, State Tagged Cart or Municipal Service Vehicle.

“Designated Cart Street” shall mean the following public streets within the corporate limits of the City of Gulf Shores, Alabama designated under this Section for the use of Carts, to be marked with appropriate signage advising that the street may be utilized by Carts:

Each Cart must be inspected annually before a permit is issued and no permit shall be issued for any Cart that does not meet the equipment and condition requirements of this Ordinance. No permit shall be issued for any Cart without proof that any person who may operate the Cart on a public street is covered by a policy of liability insurance held by the owner of the Cart. The required minimum liability limits for the operation of the Cart shall be the same as required by the State of Alabama for operation of a motor vehicle.
